-   Trainee at **Elsewedy SEDCO for Cables**   **[Summer, 2022]**
    - Theoretical and Practical sessions about types of cabling and its layers.
    - Types of cable joints and terminations and how to install them.
    - A visit to Elsewedy Factory for Cables at 10th of Ramadan.

-   Trainee at **Africa Power For Renewable Energy (Eng. Zahraa Ismael)**   **[Winter, 2022]**
    - Solar systems Installation (On & off Grid systems).
    - Inverters features.

-   Trainee at **HA consultant**   **[Summer, 2021]**
    - Classic control.
    - PLC basic programming
    - Electrical motor and drive programming.

- Trainee at **South Cairo Electricity Distribution Co**.   **[Summer, 2021]**
  - MV and LV networks and power and distribution transformers
  - MDBs, RMUs, OHTLs and UGCs
  - Protection and switchgears.

- Introduction to **Python Programming.**   **[Summer, 2020]**
  - Learning a glimpse about Pyhton Programming on Coursera.

- **Photoshop Sessions**   **[Summer, 2019]**
  - Learning about Adobe Photoshop features and how to edit.

Student activities:

- Quality and documentation coordinator at **BASMAH.**
- Photoshop workshop at **PIRATES.**
- Non-Technical workshops.
- Participant at **RESALA** Charity.

Skills:

- Microsoft office (Word, PowerPoint, Excel).
- C programming.
- PLC programming.
- Motor drive programming.
- AutoCAD.
- Languages:
  - **Arabic:** Mother Language.
  - **English:** Very good in listening, reading and typing. Good in Speaking.
